Great game - one issue by nathaniel lewis on 2013/09/19 02:08 This is a great game, the puzzles are challenging, and the controls are very clean. My only problem is that when playing through the puzzles you occasionally need to hit a certain combination of tiles to continue. The problem is that those combos vary from level to level depending on your progress, so I end up having to restart my phone if i want to get back into the puzzle where I left off. A little frustrating, but still a great game."

In April 2016 Moon Active announced they had signed an agreement with Disney to develop "Coin Master 3" for release in early 2017, targeting a Q4 2017 release in the United States and Canada. The agreement allows Moon Active to continue developing "Coin Master" alongside several other titles they have created including "Monster Park", "World War Monster", "Poke Monsters", and others. The press release stated that "Coin Master 3" will feature new 3D artwork, upgrades to the previous versions gameplay and a "remastered" soundtrack."

On December 19, 2018, Moon Active released Coin Master: Puss in Boots "(Kasegi 2: Bukimi no Tane)" for Android as a free app (it is not available on iOS). This "Coin Master" title features an updated version of the popular video game "Puss in Boots". The game was released in Japan initially as part of Moon Active's "Coin Masters" series. However, this version of the game was never released outside Japan. This version contains microtransactions which can be removed by paying \$4.99 for an ad-free version. The user review for Coin Master: Puss in Boots is composed of 4.5 out of 5 stars (out of 1 vote) from 1 user, with a user rating of 5 out of 5 stars (out of 1 vote)."

The table was released for PC and iOS on December 18th, 2016. The full version available for purchase is the enhanced mode featuring 20 additional levels as well as the arcade mode which contains 60 additional levels. The Android version is planned to be released in January 2018."

The fifth group of "card packs" was released on November 11, 2016. These card packs were formerly available through a special offer for 33% off the base price. The cards were originally released as an exclusive offer for United Pixelworkers' third anniversary."
