In January 2016, Moon Active launched a Kickstarter campaign to help fund the development of Coin Master 2 on mobile platforms. The developers of this version released an alpha version of Coin Master 2 for Android devices in December 2016. This version didn't reach beta quality however as it was quickly discontinued only three months after launch due to poor user responses regarding bugs and graphic issues. An update was provided in early 2017 which included a new tablet version of Coin Master 2.0 but this version also never went to beta. As of August 2018, Moon Active has removed all of its previous versions from the Google Play Store and App Store for unknown reasons.",
