Roblox is one of the most popular online games in existence. In my opinion, this game is extremely fun and great for all ages. Although I have been playing roblox for only about a month now, I still love the game so far. Roblox has a variety of different games in which you can play and I enjoy all of them. Another thing I have learned about roblox is that the company behind it is very kind towards their players. Although there are many things to be aware of when playing roblox, the game has many differences from other games and these things make it better than most.

On September 22nd, 2012, a head developer from the website Games Done Quick sent a cease and desist letter to Roblox because they were using code that he had created without permission. This is one of the few situations where ROBLOX has deleted all of its assets to avoid legal issues.

In January 2015, the official Roblox Studio 2 was released on Steam. It allowed for cross-platform development with Windows 10. However, any existing games made with the previous version (R-Engine) will not work with this new version since it uses a completely different engine.

There are also promo codes which require that you exchange them for another game or a limited time. These promo codes are specialized and can be used on a certain place or game. There are also promotional codes which work in limited time. If you do not use these within the time limit, then they cannot be used anymore.

Rated 4 out of 5 by Anonymous from I love it! Roblox is amazing! It is very fun but it does took a lot of time to get friends. Roblox takes minimum 15 minutes to get a new account, and that's only if you have middle schooler's range.
