The background was green instead of red and white stripes were in the middle instead of the top or bottom. The logo used from 2009 to 2012 as a banner (not yet released). If you want free robux, then there are several ways of getting them on roblox without having to spend money. If you spend a lot of money on the game then it is something that you are bound to get banned for, so do not worry about this. The best thing about this method is that you don't have to spend any money on the game at all.

This may sound like a simple bug but there are so many people who want this fixed because it makes them very mad. When they are in a group with someone who they hate and they click the chat head and they try to type something and it doesn't show up. I know that there should be a way for them to see what they were typing but there is not. That's the only thing that bugs me about this bug because it makes people mad. If you want these bugs or glitches fixed or changed please comment down below.

On April 22nd 2015, Roblox released a beta version of the game which was named "Destination: Survival". This beta has been removed and a few of its features were added to the game "Video Player for ROBLOX" which was released on November 6th 2015.[57]

The last way that gives users the chance to get free robux for Roblox is through in-app purchases. Some games have a feature where players can spend money on in-game items such as weapons or accessories. This may not be the most efficient way of getting free robux, but it is a good option for those who have never tried it before. You might find that you enjoy this particular feature and want to use it more often so that you can collect more free robux to your account.
