I personally think that the vast majority of Roblox games are for children. There is only a few games that are suitable for adults which were developed in recent years, but there are also a large number of games that have been around for years, and it is still very popular. I don't think there is anyone who has played this game since they were a child, so it's not like people will stop playing because they're unhappy with the newer games.

Rated 5 out of 5 by Anonymous from Awesome This game is awesome! It has so many things to do that are fun and creative. My favorite thing about it is that you can make your own games, and make them have whatever appearance you want. Also you can create things like your own characters and all kinds of other things too! Go try this game out today!

Rated 5 out of 5 by Anonymous from Amazing but scary I absolutely love this game. There is so much to do like make clothes, build houses, and even things on ROBLOX Studio. After I started building my own games I decided to start playing them and they are so intense. But I love it there is lots of challenges.

Tickets are the secondary currency in Roblox; they can be used to purchase a variety of vehicles, gear (backpacks, jet packs, and recovery kits), weapons (grants a player additional hit points upon taking damage), and other items. In order to purchase most of the premium items from the store, one must own more tickets than is currently available in the user's inventory. The minimum one-time purchase of tickets is US\$5 (\$8 Note: this price has been around since 2015 but was not posted until 2017).
